

2023 Delegate™ Insecticide WBC Grower Offer

Take advantage of our **Delegate™ Insecticide WBC Grower Offer** when you purchase Delegate to control Western Bean Cutworm (WBC) in your corn:

Get \$5.00 per acre back on Delegate, on matching seed acres, when you purchase a minimum of 20 acres of Brevant® seeds corn.

Delegate™ insecticide with Jemvelva™ active (spinetoram) is the solution against Western Bean Cutworm:

Delegate™

Jemvelva™ active

INSECTICIDE

- Quick knockdown by either contact or ingestion and residual control of Western Bean Cutworm in corn
- Important Integrated Pest Management tool with Jemvelva active, a unique mode of action
- Wide application window

Rebates are calculated using the 50 g/ac rate and paid in year of purchase. Contact your Corteva Agriscience™ territory manager for more details.
